# ABOUT

In 2013, Safe Communities Coalition of Hunterdon and Somerset partnered with Hunterdon County Prosecutor's Office, and Hunterdon County Chiefs Association to create **S.T.A.R.T. (Steps To Action Recovery and Treatment)**.

First launched for First Responders to provide to overdose survivors and loved ones as a tool to bridge the treatment gap and prevent additional overdose.

START has become a symbol of reliable resources and information in our community.

In 2021, Safe Coalition partnered with Hunterdon Medical Center and their Residents to develop a tool for healthcare providers to help patients succeed in recovery from substances.

# OVERDOSE PREVENTION

1. Call 911
2. Stay with the person overdosing
3. Speak to authorities when they arrive

NJ Overdose Prevention Act (2013) protects those who follow these steps from arrest and prosecution for drug possession. The law also applies to the person overdosing.
